

## ENVIRONMENTAL POLICY

Shaw Development is dedicated to the environmental management system by addressing its environmental impacts for all of its activities, products and services.

Shaw Development is committed to the continual improvement of the environmental management system and in the prevention of pollution.

Shaw Development is committed to operating its facilities in an environmentally responsible manner such that the company complies or exceeds environmental laws and regulations and other requirements which relate to the Company's environmental aspects.

Shaw Development's environmental management system

- provides a framework for setting and reviewing environmental objectives and targets
- is documented, implemented and maintained
- is communicated to all persons working for or on behalf of Shaw Development
- is available to the public

Shaw Development participates in the creation of responsible laws, regulations and public policies dealing with manufacturing, construction and the environment, and the encouragement of fair and equitable enforcement of same.

Shaw Development designs and manufactures products that support the improvement of air quality and are a leading technology in the clean exhaust movement.
